Hello Corporal Sunkel:

I am attaching the following screenshots that were taken between the months of May 2017 and July 2017. My friend is unable to retrieve the exact dates (as in days) for these Gab postings.

Since the subject matter is broad due to the fact this harassment and cyber-stalking has been going on since 2013; I would swarm you with screenshots and in no time you would have no idea what you are looking at eventually; the last thing I want is for confusion.

This entire experience has been stressful on me as it has exacerbated my anxiety disorder and has made me at time fearful of my safety as she has previously posted my home address with a map to my home. The defendant has gone after my sister

personally, including in Runyon's recent Gab posts, she mentions the fact I am gay and my sister is a lesbian. She already has a biased and bigoted view on homosexuality. Then my political orientation seems to also cause Runyon to cyber-stalk me. For some reason, my political posts fascinated her to the point she uses my full name and location when sharing an archive of my posts. She does this literally on a daily basis.

So as you suggested, I pulled the ones where defendant stated I attempted to kill her, along with posts where she uses my full name and location; and also posts that show her attitudes towards "liberals" and "homosexuals" and her constant abuse where she stalks my timeline. There are literally hundreds more posts just like this over the years.

It is important to also write in this email that I am currently suing Jeanette Runyon (defendant) in Circuit Court; our jurisdiction; Case No.: 31-2015-CA-00961. While at this time, I must sign a waiver from my attorney if you require any content from the case directly, the defendant has posted the content on the website Scribd as a way to harass and cyber-stalk me further. I have gotten this content removed twice now, but she has created a new account here:
<https://www.scribd.com/user/365633225/Jeanette-Runyon>

Luckily, all of this content is in digital format so it's only a matter of knowing what you need more of

- The site she is using to post this content is Disqus.com (uses Disqus as a way to comment on blogging websites; such as theothermccain.com) and Gab.ai (which is a service similar to Twitter created by a private individual.)
- Defendant uses my full name, along with city with and insult in hash tag form to cyber-stalk me.
- The defendant has stated online publicly on multiple occasions that I have attempted to kill her by using a animated GIF.
- In defendants posts, where she speaks to her followers, she uses my full name and city while either invoking the fact I am gay, a democrat, or both, to stir emotion. This has caused people to message me on Twitter.
- Defendant has been stalking me since Dec 2013. She continues to stalk me during the lawsuit.
- Defendant has created a Facebook that was taken down to harass and cyber-stalk me.
- Defendant has gone after my sister who has nothing to do with Runyon and has never communicated with Runyon or Twitter for that matter. Runyon attacks my sister because she knows it bothers me that she is harassing my sister in this way. For no reason.
- I have changed my handle and have made EVERY attempt to block her accounts; she creates new accounts or finds new social media venues to harass and cyber-stalk me.

Runyon knows that she is emotionally making me upset; I have to receive her content for my civil case as she was posting from Disqus, Twitter and Facebook in the beginning; I have managed to get a majority of her harassing content removed or taken down. However, she mainly posts from Gab.ai and Disqus and Facebook occasionally in regards to comments about me.

I stay at home taking care of my elderly father. I have been since my mother died. As the years have progressed this harassment from Runyon has not made this process any easier, especially when I have to worry about my fathers safety as she spread I was a pedo-enthusiast because she disagreed in a local case here in Indian River.

We know where this language can lead to a deranged person who can get a gun, and Runyon was posting this with my name and address and city, purposely and maliciously, that had no intent to be used to inform, but to harass and cyber-stalk.

So the leftist who finds Christian genocide acceptable, posts his wish that the POTUS be assassinated, is happy with people being burned to death or losing their homes in the Gatlinburg fire is going to lecture Republicans on values. Did he forget it was an Obama illegal who killed that young girl

LOL The #VeroBeachCrybully keeps using the word "stalk" I don't think he
understands what stalking is. Reading, liking and opining on PUBLIC Twitter
posts is not "slaking!"

@TwitterSafety needs to allow people to

Thomas,

I sent all of the pictures and posts to ASA Robyn Stone and ASA Sam Whitley. After speaking with them, we do have a few issues. There is no way I can prove who is posting on her twitter as we are not in North Carolina and able to make physical contact with her. Both Assistant State Attorney's also said that those posts will fall within her First Amendment rights, therefore no crime has occurred and they would not be able to approve a warrant.

Thank you.

This entire experience has been stressful on me as it has exacerbated my anxiety disorder and has made me at time fearful of my safety as she has previously posted my home address with a map to my home. The defendant has gone after my sister personally, including in Runyon's recent Gab posts, she mentions the fact I am gay and my sister is a lesbian. She already has a biased and bigoted view on homosexuality. Then my political orientation seems to also cause Runyon to cyber-stalk me. For some reason, my political posts fascinated her to the point she uses my full name and location when sharing an archive of my posts. She does this literally on a daily basis.

So as you suggested, I pulled the ones where defendant stated I attempted to kill her, along with posts where she uses my full name and location; and also posts that show her attitudes towards "liberals" and "homosexuals" and her constant abuse where she stalks my timeline. There are literally hundreds more posts just like this over the years.

It is important to also write in this email that I am currently suing Jeanette Runyon (defendant) in Circuit Court; our jurisdiction; Case No.: 31-2015-CA-00961. While at this time, I must sign a waiver from my attorney if you require any content from the case directly, the defendant has posted the content on the website Scribd as a way to harass and cyber-stalk me further. I have gotten this content removed twice now, but she has created a new account here: <https://www.scribd.com/user/365633225/Jeanette-Runyon>

Luckily, all of this content is in digital format so it's only a matter of knowing what you need more of

- The site she is using to post this content is Disqus.com (uses Disqus as a way to comment on blogging websites; such as theothermccain.com) and Gab.ai (which is a service similar to Twitter created by a private individual.)
- Defendant uses my full name, along with city with and insult in hash tag form to cyber-stalk me.
- The defendant has stated online publicly on multiple occasions that I have attempted to kill her by using an animated GIF.
- In defendants posts, where she speaks to her followers, she uses my full name and city while either invoking the fact I am gay, a democrat, or both, to stir emotion. This has caused people to message me on Twitter.
- Defendant has been stalking me since Dec 2013. She continues to stalk me during the lawsuit.
- Defendant has created a Facebook that was taken down to harass and cyber-stalk me.
- Defendant has gone after my sister who has nothing to do with Runyon and has never communicated with Runyon or Twitter for that matter. Runyon attacks my sister because she knows it bothers me that she is harassing my sister in this way. For no reason.
- I have changed my handle and have made EVERY attempt to block her accounts; she creates new accounts or finds new social media venues to harass and cyber-stalk me.

Runyon knows that she is emotionally making me upset; I have to receive her content for my civil case as she was posting from Disqus, Twitter and Facebook in the beginning; I have managed to get a majority of her harassing content removed or taken down. However, she mainly posts from Gab.ai and Disqus and Facebook occasionally in regards to comments about me.

I stay at home taking care of my elderly father. I have been since my mother died. As the years have progressed this harassment from Runyon has not made this process any easier, especially when I have to worry about my fathers safety as she spread I was a pedo-enthusiast because she disagreed in a local case here in Indian River.

We know where this language can lead to a deranged person who can get a gun, and Runyon was posting this with my name and address and city, purposely and maliciously, that had no intent to be used to inform, but to harass and cyber-stalk.

As the years have progressed this harassment from Runyon has not made this process any easier, especially when I have to worry about my fathers safety as she spread I was a pedo-enthusiast because she disagreed in a local case here in Indian River.

We know where this language can lead to a deranged person who can get a gun, and Runyon was posting this with my name and address and city, purposely and maliciously, that had no intent to be used to inform, but to harass and cyber-stalk.

I believe it was the time-frame I had and the content I delivered to you and the format it was delivered to you. I had the opportunity to speak with ASA Robyn Stone and ASA Sam Whitley after I received your email. I wanted to get clarification. The conversation didn't go well so what I intend to do is have my attorney's assist me in created a more in-depth report, prior to reporting this again, that the sheriff and SAO cant -investigate- in under 6 hours assuming that the defendant and I are having political disputes, which is what was stated. Defamation and abuse along with emotional distress go hand in had with cyber-stalking and that particular law and it is my responsibility to provide even more information in a more detailed fashion than I could devise.

Thank you for your time, however, you were much kinder to me than Corporal Barkwell. Please send my regards to the individual you're training as well. We need more good cops.

At this time I will consult my attorneys and deliver something that isn't rushed in under 5 hours and refile a complaint at a later time.\

Again, thank you for your time.

-Regards

Also, due to my civil case; she does have to come here for court. You could always see her then.

I have no doubt that you spoke to those two individuals but I believe that you guys are just sweeping this under the rug I don't see how it's in her first amendment to cyber stalk me on a daily basis. I have a current case pending against her and you don't know how to get a hold of her it's called a telephone or you can email her there are plenty of ways for you to get a hold of her you can also contact your local sheriffs department you guys are just sweeping this abuse under the rug I should probably just go to the press.

Thomas,

I sent all of the pictures and posts to ASA Robyn Stone and ASA Sam Whitley. After speaking with them, we do have a few issues. There is no way I can prove who is posting on her twitter as we are not in North Carolina and able to make physical contact with her. Both Assistant State Attorney's also said that those posts will fall within her First Amendment rights, therefore no crime has occurred and they would not be able to approve a warrant.

Thank you.

These posts are from this morning alone. She attacks my sister once again and she also once again claims I attempted to kill her by posting a animated picture six times on the Internet.

She is actively cyber-stalking me even though I change my handle and have been blocking every protected account that attempts to follow me.

She is actively seeking me out and harassing me and cyber-stalking me.

Hello Corporal Sunkel:

I am attaching the following screenshots that were taken between the months of May 2017 and July 2017. My friend is unable to retrieve the exact dates (as in days) for these Gab postings.

Since the subject matter is broad due to the fact this harassment and cyber-stalking has been going on since 2013; I would swarm you with screenshots and in no time you would have no idea what you are looking at eventually; the last thing I want is for confusion.

This entire experience has been stressful on me as it has exacerbated my anxiety disorder and has made me at time fearful of my safety as she has previously posted my home address with a map to my home. The defendant has gone after my sister personally, including in Runyon's recent Gab posts, she mentions the fact I am gay and my sister is a lesbian. She already has a biased and bigoted view on homosexuality. Then my political orientation seems to also cause Runyon to cyber-stalk me. For some reason, my political posts fascinated her to the point she uses my full name and location when sharing an archive of my posts. She does this literally on a daily basis.

So as you suggested, I pulled the ones where defendant stated I attempted to kill her, along with posts where she uses my full name and location; and also posts that show her attitudes towards "liberals" and "homosexuals" and her constant abuse where she stalks my timeline There are literally hundreds more posts just like this over the years.

It is important to also write in this email that I am currently suing Jeanette Runyon (defendant) in Circuit Court; our jurisdiction; Case No.: 31-2015-CA-00961. While at this time, I must sign a waiver from my attorney if you require any content from the case directly, the defendant has posted the content on the website Scribd as a way to harass and cyber-stalk me further. I have gotten this content removed twice now, but she has created a new account here: <https://www.scribd.com/user/365633225/Jeanette-Runyon>

Luckily, all of this content is in digital format so it's only a matter of knowing what you need more of

- The site she is using to post this content is Disqus.com (uses Disqus as a way to comment on blogging websites; such as theothermccain.com) and Gab.ai (which is a service similar to Twitter created by a private individual.)
- Defendant uses my full name, along with city with and insult in hash tag form to cyber-stalk me.
- The defendant has stated online publicly on multiple occasions that I have attempted to kill her by using a animated GIF.
- In defendants posts, where she speaks to her followers, she uses my full name and city while either invoking the fact I am gay, a democrat, or both, to stir emotion. This has caused people to message me on Twitter.
- Defendant has been stalking me since Dec 2013. She continues to stalk me during the lawsuit.
- Defendant has created a Facebook that was taken down to harass and cyber-stalk me.

- Defendant has gone after my sister who has nothing to do with Runyon and has never communicated with Runyon or Twitter for that matter. Runyon attacks my sister because she knows it bothers me that she is harassing my sister in this way. For no reason.
- I have changed my handle and have made EVERY attempt to block her accounts; she creates new accounts or finds new social media venues to harass and cyber-stalk me.

Runyon knows that she is emotionally making me upset; I have to receive her content for my civil case as she was posting from Disqus, Twitter and Facebook in the beginning; I have managed to get a majority of her harassing content removed or taken down. However, she mainly posts from Gab.ai and Disqus and Facebook occasionally in regards to comments about me.

I stay at home taking care of my elderly father. I have been since my mother died. As the years have progressed this harassment from Runyon has not made this process any easier, especially when I have to worry about my father's safety as she spread I was a pedo-enthusiast because she disagreed in a local case here in Indian River.

We know where this language can lead to a deranged person who can get a gun, and Runyon was posting this with my name and address and city, purposely and maliciously, that had no intent to be used to inform, but to harass and cyber-stalk.

OfficerID: SHERIFF\sunkel, Narrative

On Thursday, July 28, 2017, at 1509 hours, I responded to 1806 18th Avenue SW reference cyberstalking. Upon arrival, I made contact with Thomas Mix, who advised the following:

Since 2013, a female who lives in North Carolina, Jeanette Runyon, has been stalking him via social media websites causing him great emotional distress. He said she posts things on Twitter to bother him on purpose. On such post said that a "creeper" sent her a message with flashing lights to attempt to give her a seizure and she considered that attempted murder. The message never named him specifically and just referred to the person as a "creeper."

Thomas claimed there are many more messages that are causing him distress and affecting his life such as posts about his sexual orientation and political beliefs.

He said on today's date he had to go to an emergency meeting with his therapist because this situation is bothering him so much.

Per Thomas, he is currently suing Jeanette in civil court as well.

He said he would email me all of the posts that he believes are criminal. As of 1000 hours on July 28, 2017, I have not received any emails from Thomas.

Until I receive more information from Thomas, this case is INACTIVE.

supp_01-OfficerID: SHERIFF\sunkel, Narrative

On July 28, 2017, at 1007, Thomas emailed me information regarding this case. The following is directly from his email:

"This entire experience has been stressful on me as it has exacerbated my anxiety disorder and has made me at time fearful of my safety as she has previously posted my home address with a map to my home. The defendant has gone after my sister personally, including in Runyon's recent Gab posts, she mentions the fact I am gay and my sister is a lesbian. She already has a biased and bigoted view on homosexuality. Then my political orientation seems to also cause Runyon to cyber-stalk me. For some reason, my political posts fascinated her to the point she uses my full name and location when sharing an archive of my posts. She does this literally on a daily basis."

Thomas attached 63 images to the email showing what Jeanette does to harass him. She takes screen shots of his posts that are public on twitter and then posts them on her account with her own opinion arguing with Thomas. She refers to Thomas by name a few times, but in most of her posts she refers to him as #VeroBeachCryBully.

Thomas responds by making his own posts saying things such as "stop stalking me."

Thomas says that by her criticizing and mocking his beliefs and sexual orientation, he is having great, emotional distress.

The images from his email have been attached to this report.

There is no way to prove that Jeanette Runyon is the actual person posting the comments. We do not have a phone number or a way to contact the person or any way of confirming who is making the posts.

I made contact with Assistant State Attorney, Robyn Stone, and sent her the images. She advised that there is nothing wrong with these posts and all of Jeanette's posts fall within her First Amendment Rights of freedom of speech.

Due to not being able to confirm who is making these posts and no crime being committed, this case is UNFOUNDED.
